

THE SACRED ANDEAN TRADITION

Experiential Workshop
25 - 28 April 2024

The Sacred Andean Tradition will run a retreat from Thursday 25th to Sunday 28th April 2024 in the Magaliesberg, Gauteng.

During the experiential workshop, Kamaq Wageaq, a Master Teacher from Peru, will guide us through the fundamental structures of universal energy embodied in the Chakana symbol and the four elements - Earth, Water, Air, and Fire.

These teachings will help us deepen our understanding of our connection with the cosmos and rekindle our relationship with self through nature. On the final day, you will also receive the energetic transmission of the Karpay, the seed of the Andean apprentice. This Paq'o initiation will activate your journey of remembering and connecting to who you are.

The Sacred Andean Tradition has been entrusted with holding and transmitting these ancient wisdoms and teachings especially for these times.
